**NETFILE'S INDUSTRY LEADING AGENCY CAMPAIGN FILING SYSTEM  
ENDORSED BY THE CALIFORNIA POLITICAL TREASURER'S ASSOCIATION**

NetFile, the industry leader and pioneer in paperless electronic filing and administration systems for Statements of Economic Interests (FPPC Form 700) and Campaign Disclosure (FPPC Forms 410, 450, 460, 461, 470, 496, and 497), is pleased to announce the California Political Treasurer's Association (CPTA) has endorsed NetFile as the solution of choice for California local government agencies (see attached).

The CPTA is an association of professional political treasurers located throughout California. These treasurers make campaign disclosure filings at all levels (Federal, State, and Local). The purpose of the association is to support the growth of political treasurers and their enterprises by conducting research, sharing information and increasing knowledge of the industry. These treasurers account for almost all of the Campaign Disclosure filings made to the Secretary of State as well as a huge percentage of filings made to local City and County governments in California.

NetFile is proud and honored to be recommended by such an important organization and will work even harder to continue to provide the ultimate in local government campaign disclosure systems.

NetFile is a privately held corporation based in Mariposa, CA and was established in 1998. NetFile is the originator and leader in e-filing and administration systems for both Campaign Disclosure and Form 700 Statements of Economic Interests systems. All programming, sales, and support are based in the United States so all revenue supports local and state economies.

Dear Tom:

One of the goals of the California Political Treasurer's Association (CPTA) is to promote the concept of paperless electronic filing for Campaign Disclosure statements in California at all levels.

As such, we would like to acknowledge NetFile, Inc. and their contributions over the years to the local Agency filing community, specifically County and City Agencies in California.

Our members have worked with several of these Agencies and applaud NetFile's efforts in making their Agency system work within the confines of Assembly Bill 2452 which allows local governments to electronically file Campaign Statements in California in a true paperless fashion. We know the first ever paperless filing in CA took place on January 22, 2013 through a CPTA treasurer filing to a NetFile Agency system. Since then we have seen NetFile being adopted by several local government Agencies in CA today.

As such, we recommend that all local government Agencies in CA go to a paperless filing system for their Campaign Disclosure filings. From the prospective of the CPTA, we recommend those Agencies use NetFile as their preferred solution.

NetFile's background in Campaign Disclosure gives them the unique advantage of having expertise nowhere else available for the local government filing community. The fact that NetFile accounts for over 70% of all filings made to the Secretary of State of CA gives them a distinctive advantage in Campaign Disclosure expertise not found anywhere else. All of the treasurers agree that any filings made to local governments that use the NetFile system, makes the process easy and results in the ultimate level of transparency.

We applaud NetFile's efforts in promoting paperless electronic filing in CA and endorse them as the solution of choice for California local government Agencies.

Sincerely,
